Dear Sirs,

I'm making plans to hire a Lawyer to work on my Patent Application for my Marble and Dice game "Blind Choice".

I noticed in your previous letters of response that there were two Application Numbers;

The 1st: 09/931,628

The 2nd: 10/308,628

I would like to know which is the application number I should refer to my Lawyer?

Thank you,

A handwritten signature in black ink, appearing to read "Jack Martin".

Jack Martin
